Physical/Mental Health and Substance Abuse Questions

1) Since your last renewal, have you received treatment for use of alcohol or a controlled substance, prescription-only drug, or dangerous drug or narcotic or a physical, mental, emotional, or nervous disorder or condition that currently affects your ability to exercise the judgment and skills of a medical professional? If so, provide the following: A) Detailed description of the use, disorder, or condition; and B) An explanation of whether the use, disorder, or condition is reduced or ameliorated because you receive ongoing treatment and if so, the name and contact information for all current treatment providers and for all monitoring or support programs in which you are currently participating. C) A copy of any public or confidential agreement or order relating to the use, disorder, or condition, issued by a licensing agency or health care institution within the last five years, if applicable.

The purpose of the confidential question is to allow the Board to determine current fitness to practice medicine. The mere fact of treatment is not, in itself, a basis for denial. The Board often licenses individuals who demonstrate personal responsibility but may limit or deny applicants whose ability to practice is affected by a condition or who demonstrate a lack of candor in their responses. The Board encourages applicants to seek assistance if needed.
